Festival of Learning Showcase

Facilitator: Ms Robyn Della Franca, School of Occupational Therapy and Social Work

Strategic theme: Rich, interactive learning experience

Subject Title: Inter Professional Simulation in Healthcare Education

Contact: Robyn x 4652, mob: 0448 751 034  R.Dellafranca@curtin.edu.au

Brief Description:

In 2014 the Faculty of Health Sciences was funded by Health Workforce Australia to design, implement and evaluate multiple inter professional, simulated learning resources. This presentation will show case a variety of the simulation resources and events created and explore some of the barriers and enablers to implementing simulation into future inter professional health education.

Benefits:

Simulation in health professional education helps students develop clinical competencies required for fieldwork placements in a safe and controlled environment.

Time/Day: Friday 20 March, 2015; 10:30 – 11:00am

Duration: 20 – 30 minutes

No. of Sessions: One

Venue: Building 401:Room 152

Special Requirements: Audio visual resource for internet connection and power point
