Festival of Learning Showcase

Facilitator:  FLET Learning Media Developers

Strategic theme:  Rich, interactive learning experience

Subject Title:  Photo booth for teaching staff

Contact:  Patrice Williams x 9238 P.Williams@cbs.curtin.edu.au

Brief Description:

A photo booth for teaching staff to afford them the opportunity to get a professional photo that they can use for personalising their Blackboard units, enhancing their research profile webpage, using in online portfolios such as LinkedIn, using in conference presentations, adding to PowerPoint presentations etc.

The 4 Learning Media Developers will set up a venue for a couple of hours each day where staff could drop in to have their photo taken and this would then be emailed to them.

Advice sheets will also be provided detailing how to set up staff contact information in Blackboard and how to create an avatar in Blackboard.

Benefits:

Staff are encouraged to provide profile information about themselves in Blackboard units. Staff information enables students to feel part of a learning community as well as provide important information about contact hours, preferred communication strategies and the research interests of their teachers. Personalising this with a photo provides a point of connection for online students and an identification strategy for on campus students.

This is an opportunity for staff to meet the LMDs in their Faculty and discover the design skills and services that are available as part of the FLET team initiative.

Time/Day:  Monday, Tuesday, and Thursday; 10:00am – 12:00noon

Duration:  2 hours on 3 days

No. of Sessions:  3

Venue:  Building 105 (Library), Level 2 see map below

Special Requirements:  LMDs will provide photographic equipment and appropriate lighting and manage the administrative process associated with dissemination of the photos.
