Festival of Learning Showcase

Facilitator(s): Dr Daniel Southam, Teaching and Learning Coordinator, School of Science and Dr Sue Bolt, Professional Learning Consultant and Curtin Academy Fellow, Curtin Learning Institute

Strategic theme: Leading in innovative education

Subject Title: Personalising teaching excellence

Contact Details: Daniel Southam: d.southam@curtin.edu.au (phone 2380)

Susan Bolt: susan.bolt@cbs.curtin.edu.au (phone 3833)

Brief Description:

This session outlines the development of a 360-degree survey to individualise teaching quality criteria. The survey is designed as a tool to be used by academic staff at Curtin to investigate perceptions of the quality of their teaching, to facilitate self-reflection on their performance, and to personalise and contextualise teaching excellence. This tool, in addition to the individual, include peers, managers, students and significant others nominated by the individual. The survey will be embedded in the developmental phase of a peer-based professional learning program.

The instrument is intended to be well-aligned to an established conceptual framework used for recognition and reward of teaching quality and excellence at Curtin University.

Benefits:

- Explore how the 360 survey tool can facilitate self-reflection of your teaching
- Personalise and contextualise teaching excellence

Time/Day: Friday 17 March 2015, 11:00 – 11:30am

Duration: 30 minutes

No. of Sessions: One

Venue: Building 300:Room 214

Special Requirements: No special requirements needed
