1. This drawing is diagramatic only and is not intended to be used for construction or installation purposes.
2. Drawings to be read in colour.
3. All dimensions to be confirmed prior to installation.
4. All power to be on the same phase.
5. Cable more required in all containment.
6. LAN (by Electrical Contractor)
7. All outlets terminated back to AV Interface Point (by Electrical Contractor)
8. FPD on MOCOWs to be 40" SONY KDL-EX650 (941mmW x 1060mmH) provisioned by Builder. Bottom of interactive projection surface to be mounted 1100mm AFFL and centre of wall (by Builder).
9. AVIP unit on wheels and to incorporate 2m cable loom (by AV contractor).
10. Cable loom to AVIP unit to include appropriate heavy duty cable management system.
11. Interactive short throw projector to be wall mounted directly above and centre to projection surface (by AV Contractor).
12. Lighting control interface to be clipsal PC5500 or similar (by electrical contractor).
13. Room lighting above projection surfaces to be on mounting load (by AV Contractor).
14. Lighting control interface to be clipsal PC5500 or separate zone control (by electrical contractor).
15. Room lighting to be controlled by AV touch panel.
16. All video conference (VC) end points to be located at AVIP station.
17. All IP devices to be registered to the Curtin network infrastructure.
18. Hearing induction system to comply with Australian Standards.
19. Ceiling mounted speakers to be evenly positioned and provide even coverage across room.
20. AV rack in joinery location TBD and shall be confirmed prior to installation by the AV contractor.

**GENERAL NOTES**

- 1 PIR I/O OUTLET MOUNTED AT 300mm AFFL TERMINATED TO CEILING MOUNTED PIR DEVICE (BY ELECTRICAL CONTRACTOR)
- 4 DATA OUTLET IN CEILING TERMINATED BACK TO AV RACK IN JOINERY (BY ELECTRICAL CONTRACTOR)
- 8 DATA OUTLET TERMINATED TO AV RACK IN JOINERY (BY ELECTRICAL CONTRACTOR)
- TRIPLE DEDICATED WALLMOUNTED AV CAT6 DATA OUTLET (BY ELECTRICAL CONTRACTOR)
- DOUBLE DEDICATED WALLMOUNTED AV CAT6 DATA OUTLET (BY ELECTRICAL CONTRACTOR)
- SINGLE DEDICATED INCEILING AV CAT6 DATA OUTLET (BY ELECTRICAL CONTRACTOR)
- DOUBLE INCEILING AV CAT6 DATA OUTLET (BY ELECTRICAL CONTRACTOR)
- TRIPLE INCEILING AV CAT6 DATA OUTLET (BY ELECTRICAL CONTRACTOR)
- 1 BALANCED AUDIO CABLE MOUNTED AT 300mm AFFL TERMINATED TO CEILING MOUNTED HEARING ASSISTANCE DEVICE (BY ELECTRICAL CONTRACTOR)
