Installing IRIS@Curtin on Microsoft Edge

1. From the Microsoft Edge home page, click on the three dots on the top right of the window and click on “Extensions”.

2. Then click on “Manage Extensions” on the pop-up window.
3. Then click on “Allow extension from other store”.

4. Then click “Allow”.
5. Using Microsoft Edge, google search “Chrome Web Store” and click on this option.

6. Then search “IRIS Curtin” using the search function on the left-side of the page.
7. Then find the “IRIS@Curtin” extension page and open it. Then click “Add to Chrome”.

8. Then click on “Add Extension”.
