

1.1. Introduction

This guide is to assist Managers and Health and Safety Representatives (HSRs) to generate open and overdue workplace inspection tasks reports for their HSR area that they are responsible for.

1.2. Privacy of Information

Reports generated from CHARM contain personal information and care should be taken when distributing reports.

In accordance with the University’s Values and Signature Behaviours, members of the University community are responsible for respecting an individual's right to privacy.

1.3. Generating Reports

HSRs can generate reports via their own CHARM log-in and dashboard for their HSR areas/s.

Please note: When generating reports, the results may be limited due to your permissions and access level. Should you require a report for a Faculty, School/Area please contact healthandsafety@curtin.edu.au

Tasks (corrective actions) report

An overdue tasks report generates a pdf report which flags any tasks that have not been completed prior to their assigned due date.

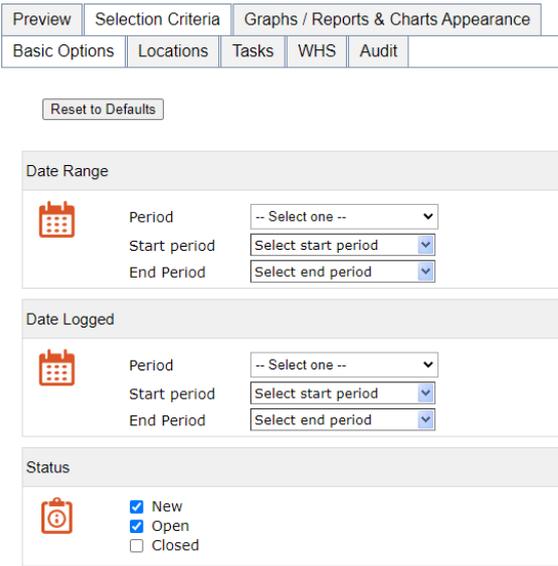

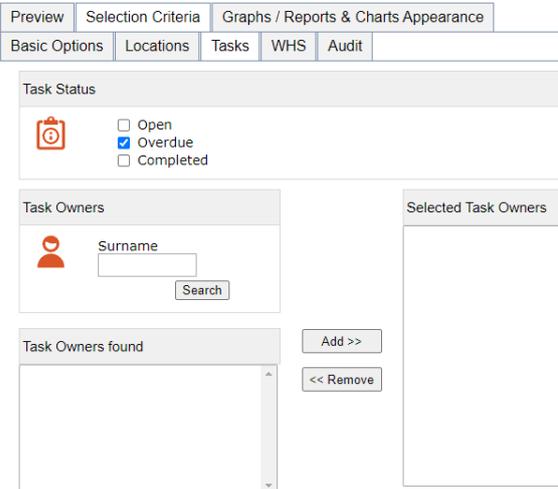

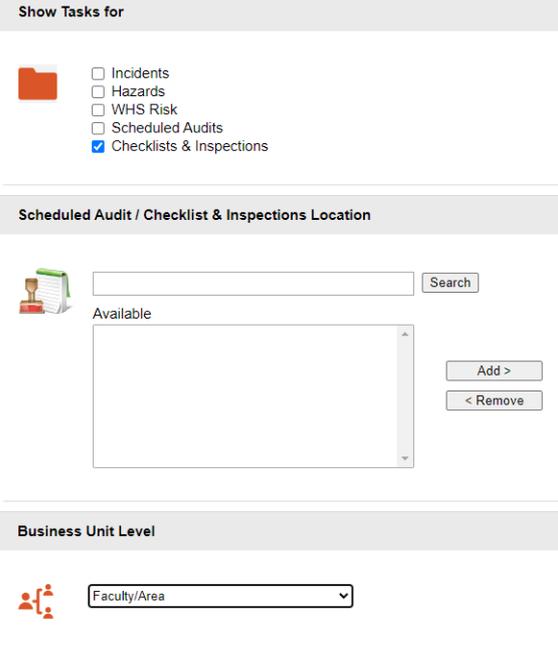

1. Log into the [Staff Portal](#)
2. Click on the right arrow of the application wheel and then the CHARM icon to access CHARM

To generate an overdue tasks report

3. Click on **Analysis** (top right menu bar)
